

QUICK SHORTCUTS/NOTES FOR GARAGE BAND

1. Can't find Garage Band - go to applications located in on your dock, open up the window
2. Each voice or instrument must have it's own track.
3. New track can be found in the track menu (at the bottom).
4. Go to window to add Keyboard and/or typing screen.
5. When recording your track make sure you "track picture" is highlighted green.
6. Make sure your metronome is on - under the control menu
7. Change or enhance your track song by clicking on the picture. A box should appear on the right.
8. Loop tracks - click on the eye (left corner) reset to get all sound. Locate a sound and then drag it up below your last track. Copy/paste to add additional ones.
9. Command can add stuff to the track/notes

Websites the have great tutorials:
